

Inside Health Policy Interviews Attorney on Vaccine Mandates and Tracking in the Healthcare Industry

News

8.25.21

In an interview with Inside Health Policy, **Alexa Hanlon** discusses whether vaccine mandates will be extended to health care professionals outside of nursing homes. The question stems from an upcoming mandate that health care staff get COVID-19 vaccinations in order for nursing homes to take part in Medicare or Medicaid. Alexa says she'd be surprised if CMS expanded the mandate to hospitals before seeing the results of a new requirement for hospitals to report staff COVID-19 vaccination rates.
