In the Southern California Rising Stars 2022 issue of *Super Lawyers*, **Usama Kahf** talks about what inspires him outside of his law practice.

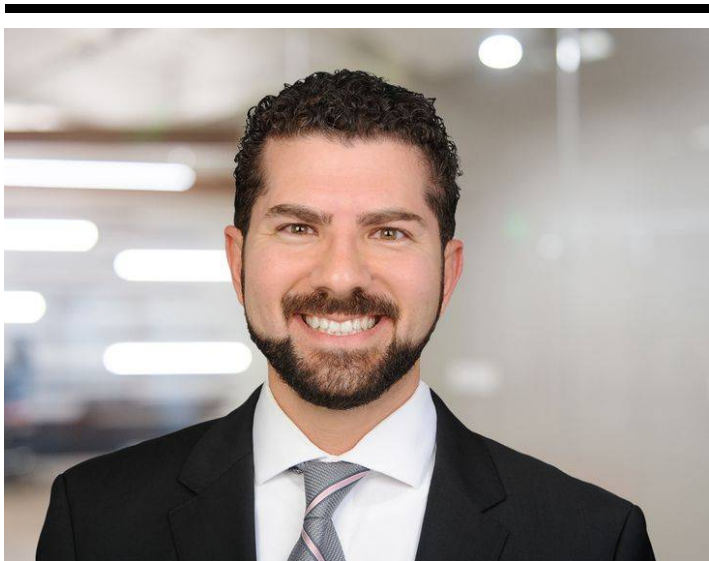

“To me, surfing is life,” he says.

Usama explains his passion for surfing and reflects on how a relative got him into the sport when he was in his early 20s. “Nothing is more magical to me than jumping on a longboard and seeing the green face of the wave to my side as I slide down the line.” Of course, work and life sometimes intersect. “I met one of my clients in the parking lot of Bolsa Chica State Beach.”
