

Fisher Phillips AI Workplace Forum: Your Employees Are Hiding Their AI Use From You

Event

5.22.24

2:00 PM — 2:30 PM EST

The Fisher Phillips AI Workplace Forum is the nation's preeminent space focusing on the intersection of AI and all things employment – the singular place where innovative business leaders will get the news on how AI will be impacting their operations. Join our next biweekly 30-minute rapid-fire session to hear firm leaders discuss the latest AI trends and breaking news.

Up for discussion this week: A recent report revealed that three out of four workers are using AI at work – but most aren't telling their employers for fear they'll be replaced by robots! The good news is that a huge opportunity awaits you, an untapped goldmine of skill and talent right under your nose. Join our panel this week to find out how you can bring this work into the light, support your workers, and unleash a new wave of efficiency and creativity at work.

The firm will submit this program for HRCI and SHRM credit.

If you have any questions, please contact [Paulina Lisicka](#).

Fisher Phillips is committed to providing access to all of our events for disabled attendees. Automated closed captioning is available for all of our webinars. For other accommodation inquiries, please give us three business days advance notice prior to the scheduled event by contacting [Paulina Lisicka](#). Thank you.
