

Employer Tips During the California Wildfires: Your Role in Protecting Workers' Health, Safety, and Workplace Rights

Event

1.28.25

9:00 AM — 10:00 AM PST

Many employers have questions addressing the workplace-related issues facing their California employees in the wake of the Southern California wildfire outbreaks. California employers have a legal duty to provide a safe and healthy workplace under Cal/OSHA regulations, including assessing hazards from items like wildfire smoke, fire proximity, and unsafe conditions before employees return to work.

Join Fisher Phillips Los Angeles Partners, Jacklin Rad and Andrew Sommer, for this one-hour webinar that will address the practical questions that most often arise during and in the aftermath of natural disasters in addition to legal obligations you need to consider.

We will submit this program for 1 hour of HRCI & SHRM credit.

If you have any questions, please contact [**Marisa Nguyen**](#).
