7:00 AM - 9:00 AM

We are pleased to present the successful continuation of the 2016 HR Academy. We hope you will join **Fisher Phillips**, **Roper Insurance** and the **South Metro Chamber** in this collaborative discussion with other metro Denver businesses and area leaders.

The Human Resources Academy seminars are designed to provide timely, updated information on important legal topics relevant to employers of all sizes and in all industries. Businesses benefit from a trained workforce, which increases productivity and decreases a company's prospects for being held liable.

What to Do When the Government Knocks

Congratulations. You've been selected for an audit by a government agency. Well, maybe that's not exactly how you are feeling. Let's face it, audits aren't fun. If you are faced with one, it is imperative that you know how to respond to it and protect your company from the potential consequences of government investigations and inspections, such as large penalties, and the possibility of criminal sanctions. This program will walk you through the preparation of a pre-inspection action plan as well as outline your employer rights against unreasonable government actions.

Presenters:
